Audiology service and payment policy

The purpose of the services identified in this fee schedule and policy is to provide treatment that assists a worker in their recovery and (if applicable) supports them to stay at or return to work as soon as it is safe for them to do so. This fee schedule applies to all work injury claims, whether insured through ReturnToWorkSA or a self-insured employer.

ReturnToWorkSA or the self-insurer will periodically review a worker's treatment and services to ensure they remain reasonable for the work injury and are payable under the *Return to Work Act 2014*.

Who can provide services to workers

The Insurer (ReturnToWorkSA or a self-insurer) will only pay for services by healthcare professionals who are:

- ✓ registered by ReturnToWorkSA to provide the services identified in this schedule. ReturnToWorkSA will register a service provider upon receipt of their initial invoice; and
- ✓ a 'Full Member of Audiology Australia who holds a 'Certificate of Clinical Practice' issued by *Audiology Australia* OR
- ✓ either a Full/Ordinary or Fellow Member – Audiologist or Audiometrist of the *Australian College of Audiology* OR
- ✓ either a Full or Fellow Member Audiometrist of the Hearing Aid Audiometrist Society of Australia.

How much the insurer will pay

This fee schedule is published by the Minister for Industrial Relations in the *South Australian Government Gazette*. Gazetted fees are the maximum fees chargeable, excluding GST. Where applicable, GST can be applied over and above the gazetted fee.

ReturnToWorkSA or a self-insurer will pay the reasonable cost of services up to the maximum amount detailed in the ReturnToWorkSA fee schedule.

Replacement of hearing devices

The expected life of a hearing aid is 5 years.

The worker should consult with claims manager before seeking replacement hearing aids. The suitability of the current hearing aid must be assessed and the audiologist/audiometrist must provide a summary to recommend a reasonable and necessary replacement hearing device that is suited to the worker's circumstances.

The following information must be included in the summary provided to the claims manager for consideration prior to approval:

- ✓ confirmation of the date of the assessment with the injured worker
- ✓ the worker's current hearing status and relevant clinical changes since the issue of the initial hearing aid(s)
- ✓ copies of tests or assessments performed

- ✓ the recommended replacement hearing aid and its suitability for the worker

After considering the above, the claims manager may give approval for a trial period with the recommended replacement aid (as applicable).

The assessment fee item is to be used for this process.

Early replacement of devices

A replacement of a hearing aid before 5 years has elapsed may be approved if:

- ✓ The worker has discussed the need for early replacement with the claims manager directly
- ✓ Loss or damage to the hearing aid has occurred which is not covered by a warranty/insurance policy. The claims manager may request a statutory declaration from the worker to confirm the loss or damage
- ✓ The current hearing device is unable to be adjusted to meet the hearing requirements of the worker for their compensable hearing loss following an assessment and an updated audiogram being provided.
- ✓ The audiologist/audiometrist has supplied the required information listed under "replacement of hearing devices".

What the insurer will pay for

ReturnToWorkSA or a self-insurer will pay for:

- ✓ Audiology/Audiometry services where there is an accepted claim for the treatment of a work injury or condition
- ✓ Audiology/Audiometry services and products that are reasonable and necessary and clinically justified.
- ✓ Replacement of hearing devices where necessary, subject to prior written approval from the claims manager
- ✓ Binaural Hearing packages for demonstrated compensable hearing loss in both ears.
