Schedule 1 – Incorporated hospitals and public hospital sites: fees for admitted patients who are work injury patients

1 Interpretation

(1) In this schedule, unless the contrary intention appears –

2 Determination of applicable AR-DRG

For the purposes of this schedule, the AR-DRG applicable to a patient must be determined in accordance with the guidelines contained in *South Australian Morbidity Coding Standards and Guidelines (Inpatients)*, published by the Department of Health.

3 Standard fee for admitted patients

Subject to this schedule, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient to whom an AR-DRG specified in the first and second columns of Table 3 in this schedule is applicable, must be calculated as follows:

4 Fee for rehabilitation or maintenance care

Fee = price x LOS

where –

- (a) the **price** is the price specified in the fourth column of Table 2 in this schedule according to the patient classification (public or private) specified in the second column and the type of treatment or care specified in the third column, and
- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between –
 - (i) the admission of the patient to the public hospital site or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later, and
 - (ii) the discharge of the patient from the public hospital site,
 excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

5 Medical or diagnostic services not included in fees for private patients

- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the public hospital site.
