Schedule 1 – Incorporated hospitals and public hospital sites: fees for admitted patients who are work injury patients

1 Interpretation

(1) In this schedule, unless the contrary intention appears –

AR-DRG means Australian Refined Diagnosis Related Group

leave hour means an hour for which an admitted patient of a public hospital site is on leave from the public hospital site without being discharged from the public hospital site

maintenance care (formerly Nursing Home Type Care) means treatment and care of an admitted patient in which the treatment goal is to prevent deterioration in the patient’s health or ability to function and where care over an indefinite period, but not further complex assessment or stabilisation, is required

(2) For the purposes of this schedule –

(a) AR-DRG reference numbers or descriptions are as set out in the Manual, and

(b) terms and abbreviations used in AR-DRG descriptions have the meanings given by the Manual.

transitional arrangements, where treatment commenced before the effective date of this scale of charges and continues beyond that date, the discharge date is used for billing purposes.

2 Determination of applicable AR-DRG

For the purposes of this schedule, the AR-DRG applicable to a patient must be determined in accordance with the guidelines contained in *South Australian Morbidity Coding Standards and Guidelines (Inpatients)*, published by the Department of Health.

3 Standard fee for admitted patients

Subject to this schedule, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient to whom an AR-DRG specified in the first and second columns of Table 3 in this schedule is applicable, must be calculated as follows:

Fee = price x cost weight

where –

(b) the **cost weight** is the cost weight specified in the third or fourth column of Table 3 in this schedule according to the patient classification (public or private), specified in those columns for the AR-DRG applicable to the patient.

4 Fee for rehabilitation or maintenance care

Despite clause 3, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient where the treatment and care consists of rehabilitation or maintenance care must be calculated as follows:

Fee = price x LOS

where –

- (a) the **price** is the price specified in the fourth column of Table 2 in this schedule according to the patient classification (public or private) specified in the second column and the type of treatment or care specified in the third column, and
- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between –
 - (i) the admission of the patient to the public hospital site or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later, and
 - (ii) the discharge of the patient from the public hospital site,
 excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

5 Medical or diagnostic services not included in fees for private patients

In the case of a private patient, a fee determined in accordance with this schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner selected by the patient.

6 Retrieval fee (admitted patients)

Where a retrieval team provided by a public hospital site or SA Ambulance Service monitors and treats a seriously ill or seriously injured admitted patient of that or any other public hospital site during the transportation of the patient to a public hospital site or to another facility of the public hospital site, the fee to be charged by the public hospital site or SA Ambulance Service providing the retrieval team is as follows:

| Item no. | Service description | Max fee (ex GST) |
|----------|-----------------------------|------------------|
| PU200 | Provision of retrieval team | \$4312.00 |

7 Transportation fee

- (1) Where, in addition to providing a service referred to in this schedule, a public hospital site transports, or arranges for the transportation of, a patient to or from (or between different facilities of) the public hospital site, the public hospital site may charge an additional fee equal to the cost to the public hospital site of providing, or arranging for the provision of, that transportation.
- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the public hospital site.

| Item no. | Service description | Max fee (ex GST) |
|----------|---|------------------|
