

Painter

Initial work capacity form

Purpose of this form

This form is designed to be completed by injured workers and their supervisors and/or the return to work coordinator, if applicable;

- to determine the tasks the worker may be able to do with or without modifications, and
- to inform the medical practitioner what tasks the worker may be able to safely undertake.

The form lists a range of work tasks typically performed by a painter where each task has been rated according to the impact on five body parts; **Green** for little or no impact, **Amber** for some impact or **Red** for significant impact.

Instructions for workers, supervisors and return to work coordinators

The injured worker and their supervisor and/or return to work coordinator, if applicable, assess the work requirements and what duties may be suitable to perform by using the following three steps:

Step 1: Tick above the coloured column of the body part(s) affected by the injury.

Step 2: To the right of each task listed, insert the letter code that represents the frequency of the task (see the frequency table on the next page for the letter codes)

Step 3: Together review the duties performed, the worker's capacity and agree on options to accommodate the injury, taking into account those duties that are coded **Red** and **Amber**.

Once these steps have been followed for each task, initial each page, complete the declaration at the back and take it to the treating doctor for consideration and approval.

Instruction for medical practitioners

- Review the proposed work accommodations documented in this form as agreed by the injured worker and their supervisor. These tasks have been evaluated by an Occupational Therapist to determine the impact on body parts when performing the duties.
- Indicate your level of support for each option; include comments where indicated and initial the relevant section. There is more space for comments on the last page of the document if required.
- Complete the "Doctor Review" section on the last page and provide a copy for the worker.
- NB:** the worker will still require a WorkCover medical certificate

Example of complete section

MARKING OUT

2. Insert Frequency of task performed (See table overleaf)

1. Tick the body part injured

	Upper Limb (arm)	Lower Limb (leg)	Trunk / Back	Neck / Shoulder	Wrist / Hands
Worker reads from building site plans, where to mark out	S				
Worker uses string, measuring tape and marker, measure out positioning of bricks	F				

Frequency of the task (circle one)

Never Infrequently Occasionally Frequently Constantly

Doctor to complete, and add comments

3. Supervisor and worker to include details of proposed modifications for doctor's consideration

Doctor's Use

☐ Approve

☒ Approve subject to comments

☐ Reject (please comment)

Comments: SUPERVISOR TO KEEP WATCH OF WORKER DURING THE DAY

Doctor's Initials: [Signature]

Proposed Modifications: Ensure plans are elevated to avoid bending of leg.

What sort of accommodations can be made?

The supervisor and worker are well placed to consider what duties may be suitable and what accommodations could assist the return to work process. However, options need to be safe to perform and not aggravate the injury and must have confirmation of the treating doctor.

Examples of accommodations are:

- | | |
|--|--|
| <input checked="" type="checkbox"/> Provide assistance for certain tasks | <input checked="" type="checkbox"/> Modify tasks to make them easier |
| <input checked="" type="checkbox"/> Reduced work hours for a short period of time | <input checked="" type="checkbox"/> Use equipment to reduce the load |
| <input checked="" type="checkbox"/> Avoid certain tasks for a short period of time | |

WORKERS & SUPERVISORS DECLARATION

We have reviewed and considered what available work can be safely and reasonably performed and what accommodations can be included. We have undertaken this in good faith and with a view to accommodating the injury and maximising the range of duties that can safely and reasonably be performed, and seeking a successful return to pre-injury duties.
