## How to use this booklet

This booklet contains information on services and fees that apply to public hospitals that provide services to South Australian workers who are managed under the Return to Work scheme.

This publication is based on the schedule published by the Minister for Industrial Relations in the *South Australian Government Gazette*. Gazetted fees are the maximum fees chargeable, excluding GST. Where applicable, GST can be applied over and above the gazetted fee.

**All services and fees in this schedule are effective 01 July 2023.**

Invoicing and service provision is actively monitored to ensure services are billed in accordance with this fee schedule and that services are reasonable for the work injury and payable under the *Return to Work Act 2014*, (the Act).

This schedule contains the following:

1. Interpretations
2. Schedule 1 – fees for admitted patients
3. Schedule 2 – fees for non-admitted patients

## **Determination of fees**

### **Fees**

- (1) The fee to be charged by a public hospital site for services of a kind set out in Schedule 1 provided to an admitted patient who is a work injury patient is the fee set out in, or determined in accordance with, that schedule.
- (2) The fee (or, where specified, the maximum fee) to be charged by a public hospital site for services of a kind set out in Schedule 2 provided to a non-admitted patient who is a work injury patient, is the fee set out in, or determined in accordance with, that schedule.
- (3) The fee (or, where specified, the maximum fee) to be charged by a public hospital site for services of a kind set out in Schedule 3 provided to a patient who is a work injury patient, is the fee set out in, or determined in accordance with, that schedule.

### **Discount or remission of fees**

A public hospital site may discount payment of, or remit, the whole or any part of a fee payable to it.

## Schedule 1 – Incorporated hospitals and public hospital sites: fees for admitted patients who are work injury patients

### 1 Interpretation

(1) In this schedule, unless the contrary intention appears –

**AR-DRG** means Australian Refined Diagnosis Related Group

**leave hour** means an hour for which an admitted patient of a public hospital site is on leave from the public hospital site without being discharged from the public hospital site

**maintenance care** (formerly Nursing Home Type Care) means treatment and care of an admitted patient in which the treatment goal is to prevent deterioration in the patient's health or ability to function and where care over an indefinite period, but not further complex assessment or stabilisation, is required

**Manual** means the most current *Australian Refined Diagnosis Related Groups Definitions Manual*, released by the Commonwealth Department of Health and Ageing

**rehabilitation, or rehabilitation care**, means the treatment and care of a patient with an impairment, disability or handicap in which the treatment goal is to improve the ability of the patient to function

**rounded to the nearest hour**, in relation to the determination of a number of hours, means that where a number of hours includes a fraction of an hour, the number is to be rounded up to the nearest whole hour if the fraction consists of 30 minutes or more and rounded down to the nearest whole hour (or, where necessary, to zero) if the fraction consists of less than 30 minutes

(2) For the purposes of this schedule –

(a) AR-DRG reference numbers or descriptions are as set out in the Manual, and

(b) terms and abbreviations used in AR-DRG descriptions have the meanings given by the Manual.

(3) A reference in this schedule to a table of a specified number in this schedule is a reference to the table of that number in clause 9.

**transitional arrangements**, where treatment commenced before the effective date of this scale of charges and continues beyond that date, the discharge date is used for billing purposes.

### 2 Determination of applicable AR-DRG

For the purposes of this schedule, the AR-DRG applicable to a patient must be determined in accordance with the guidelines contained in *South Australian Morbidity Coding Standards and Guidelines (Inpatients)*, published by the Department of Health.

### 3 Standard fee for admitted patients

Subject to this schedule, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient to whom an AR-DRG specified in the first and second columns of Table 3 in this schedule is applicable, must be calculated as follows:

Fee = price x cost weight

where –

(a) the **price** is the price specified in the second column of Table 1 in this schedule, and

(b) the **cost weight** is the cost weight specified in the third or fourth column of Table 3 in this schedule according to the patient classification (public or private), specified in those columns for the AR-DRG applicable to the patient.

#### 4 Fee for rehabilitation or maintenance care

Despite clause 3, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient where the treatment and care consists of rehabilitation or maintenance care must be calculated as follows:

$$\text{Fee} = \text{price} \times \text{LOS}$$

where –

- (a) the **price** is the price specified in the fourth column of Table 2 in this schedule according to the patient classification (public or private) specified in the second column and the type of treatment or care specified in the third column, and
- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between –
  - (i) the admission of the patient to the public hospital site or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later, and
  - (ii) the discharge of the patient from the public hospital site,
 excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

#### 5 Medical or diagnostic services not included in fees for private patients

In the case of a private patient, a fee determined in accordance with this schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner selected by the patient.

#### 6 Retrieval fee (admitted patients)

Where a retrieval team provided by a public hospital site or SA Ambulance Service monitors and treats a seriously ill or seriously injured admitted patient of that or any other public hospital site during the transportation of the patient to a public hospital site or to another facility of the public hospital site, the fee to be charged by the public hospital site or SA Ambulance Service providing the retrieval team is as follows:

Item no.	Service description	Max fee (ex GST)
PU200	Provision of retrieval team	\$4099.00

#### 7 Transportation fee

- (1) Where, in addition to providing a service referred to in this schedule, a public hospital site transports, or arranges for the transportation of, a patient to or from (or between different facilities of) the public hospital site, the public hospital site may charge an additional fee equal to the cost to the public hospital site of providing, or arranging for the provision of, that transportation.
- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the public hospital site.

Item no.	Service description	Max fee (ex GST)
PU202	Transportation fee – cost recovery only	No set fee

#### 8 Other fees

- (1) Pharmaceutical Reform arrangements

Under the agreement between South Australian and the Australian Government the following fees apply for pharmaceuticals provided to admitted patients on discharge:

- (a) For the supply of Pharmaceutical Benefit Scheme items (per item) the community co-payment rate for pharmaceuticals as set under the Commonwealth National Health Act 1953 each year on 1 January.

- (b) For the supply of non-Pharmaceutical Benefit Scheme items (per item) an amount that is the cost to the public hospital (using a full cost recovery principle) for supply of that item.
